SMPTe MOTION IMAGING JOURNAL

Published since 1916 by the Society of Motion Picture and Television Engineers, the *SMPTe Motion Imaging Journal* has long been the place for technologists who want to learn about the latest developments in the motion imaging industry. The Journal's primary objective is to follow the progress of engineering developments in the motion imaging fields. The journal publishes papers on technical, engineering, and scientific developments in motion pictures, television, and related fields, including desktop video, multimedia, and computers.
